

# DeckCoat LineMaker (Hotmelt)

Retroreflective Hot Melt Line Marker for Car Parks/ Road Marking Paint

## PRODUCT DESCRIPTION:

**DeckCoat LineMaker (Hotmelt)** is a special resin based high build single component thermoplastic coating for line marking on Car parking areas and road ways. With UV resistance, excellent adhesion and abrasion resistance properties.

## TECHNICAL DETAILS:

### DECKCOAT LINEMAKER

|                    |                                                          |
|--------------------|----------------------------------------------------------|
| <b>Colour</b>      | White, Golden Yellow                                     |
| <b>Surface Dry</b> | 15 minutes                                               |
| <b>Composition</b> | Binder: 18-22%, Fillers: Glass beads=30%, others=Balance |
| <b>Drying Time</b> | 2 hours for hard dry                                     |
| <b>Thickness</b>   | 1-3mm                                                    |
| <b>Coverage:</b>   | 1.00-1.20 ft <sup>2</sup> /kg/2.5mm thk                  |
| <b>Standards:</b>  | BS 3262/Part I/1989                                      |
| <b>Packing:</b>    | 25 Kg                                                    |

## APPLICATION DATA:

### Installation

Preparation — Ensure that the road surface is clean, free from dust, oil, grease and old deposits. Clean the surface with wire brushing and water cleaning. Allow the surface to be fully dry without moisture. Use suitable primer for better bonding to the asphalt road.

Application — Heat the **Deckcoat LineMaker (Hotmelt)** to 200 °C in the homogenizer to make the flowable slurry. The **Deckcoat LineMaker (Hotmelt)** should be allowed to flow as per requirement from the machine. Drop down the Glass beads as soon as possible over the coating

### CLEANING:

All tools should be cleaned with suitable solvent immediately after use.

### STORAGE:

Store in dry, frost-free conditions at moderate temperatures not greater than 25 °c.

### WARRANTY

Multichem warrants **DeckCoat LineMaker** products to be free from manufacturing defects as defined in this warranty. Manufacturing defects are considered to be those defects that occur due to the quality of the ingredients or from the manufacturing process itself. This warranty does not include labor costs and other costs or expenses associated with the removal or installation of **DeckCoat LineMaker** Products.

Because the Multichem does not perform the actual installation, it cannot be held responsible for the results of the application. Multichem specifically disclaims problems that occur due to weather conditions, structural movement, structural design flaws and application techniques.

This warranty is in lieu of all other warranties expressed or implied including the warranty of merchantability and fitness of purpose and of all other obligations or liabilities on Multichem part. Multichem neither assumes nor authorizes any person to assume for Multichem any liability in connection with the sale and installation of **DeckCoat LineMaker** products.

Because of constant improvement of manufacturing techniques and formulations, Company reserves rights to change this datasheet and its contents without prior notice.
